This chart of James Madison BARGER family
compiled from information in the Barger Journal (4 digit par. nos. before names)
from family records supplied by Mrs. Winder descended from Eli Barger family,
from cemetery records obtained by Gerald L Barger of Asheville N.C. Aug 24/62.
The Time Scale method of charting devised by editor Dr. Barger,
facilitated interpolation from the known dates to produce above record.

Dr. Parsons gets Top Research Post.

The Research Division of the American Cyanamide Company last week announced the appointment of Dr. James S. Parsons, of Bridgewater Township, N.J., as one of the Company's research chemists.

Dr. Parsons is the son of Mr. & Mrs. L. E. Parsons of Rapps Mill in Rockbridge County, Virginia.

Dr. Parsons was employed by Cyanamid in 1956 shortly after receiving a Ph.D. degree in analytical chemistry from the University of Virginia.

He received his B.S. degree from Washington and Lee University in 1943.

He is a member of the American Chemical Society, and the American Association for the Advancement of Science, and is program chairman of the analytical group of the New Jersey Chapter of the American Chemical Society. * * *

Mr McBRAYER

William Wade PARSONS, age 14, died in Jackson Memorial Hospital, on Fri., Sept. 21, from a bicycle accident. He was the son of Lewis E. and Beulah Rapp Parsons, of Rapps Mill.

Bill, as he was effectionately known, was a bright lad, and had a warm greeting and a cheery smile for everyone he met.

Funeral services were held at the Parsons' home at Rapps Mill on Sunday afternoon, conducted by Rev. J. F. Coleman of Oxford, assisted by Rev. J. J. Murray of Lexington, with burial in the Rapp Cemetery.

He is survived by his parents and one brother, James Sidney Parsons, a student of Washington and Lee.

The large number attending the funeral and the numerous floral offerings, were both mute evidence of the high esteem in which Bill was held in the community, the school, and the Effinger 4-H Club of which he was a member.

The stricken family have the deepest sympathy of the entire community in this their time of sore distress.

Jan. 17, 1961. see chart p (10)

BARGER Made Director of Center Here.

Dr. Gerald L. Barger has been appointed
director of the National Weather Records Center here,
it was announced today.
He will succeed Roy L. Fox.

Fox, who served as director for two and a half years,
was transferred Jan. 1
to the Weather Bureau in Kansas City, Mo.
Since then Dr. Harold L. Crutcher,
chief of the technical advisory staff of the Center,
has been serving as acting director
and will continue in this capacity until July 1,
at which time Dr. Barger will take over his duties.

Since May, 1958,
Dr. Barger has been deputy director of the Center.
He is now participating in a seminar on science and public policy at Harvard University
on a Weather Bureau scholarship.

A native of Iowa,
Dr. Barger received his B.A. degree from Simpson College,
his M.S. from Iowa State University in plant ecology,
and his PhD. from Iowa State in agricultural
climatology and soils in 1948.

He also completed the University of Chicago course in
meteorology while in the U.S. Air Force,
and served as a weather officer and pilot
throughout World War II.

From 1948 to May 1958,
Dr. Barger was employed by the Weather Bureau
at Iowa State in a research capacity.
During 1952=58, he travelled the north central state
as area climatologist for the bureau.

Dr. Barger helped initiate the current series of
Agricultural Meteorology conferences
sponsored by the American Meteorological Society
and is currently chairman of the Society's
committee on Agricultural Meteorology.

He has worked with upper air problems related to aviation.

Dr. & Mrs. Barger have three daughters and a son.
They reside at 17 Robin Hood Rd.

I charted all I could from data in the Barger Journal,
mounted them in family order on large graph sheets,
then decided to visit the Natural Bridge area with them.
I spent three weeks around Natural Bridge and Lexington
and over into West Virginia and places between,
in August 1955.

I had heard of a Barger Family Association
in the Fincastle area,
was fortunate to happen on a picnic gathering
of this Association.
Among them I found considerable interest in my charts.

On the spot I was able to gather considerable
new and accurate information,
and to pave the way for later information by mail.

One of my contacts on this trip
brought my efforts to the attention of
Mrs. John A Barger, Route 3, Lexington, Va,
leading to my first letter to her Nov 25, 1955,
and to a continued profitable association since.

From the time of her marriage in 1931 to
John A. Barger,
Mrs. Barger had been a zealous searcher
for information on her husband's family,
one of the Natural Bridge Va BARGERs.
She has become widely acquainted with the history
and membership of the family.

This association has sharpened my interest in charting
genealogy projects of the Natural Bridge Va Bargers.

For 6 or 7 months after my first contact with her
Mrs. John Barger kept a constant flow of names and dates
coming to me to add to my charts.

When I felt that my charts approached a completeness
that might justify their publication,
I visited her home in Lexington with all my charts
May 5 and 6, 1955,
and together we reviewed the whole project.

From 10 large charts in August 1955
my records of the Natural Bridge Va Bargers
had grown to 26 large charts,
each chart presenting a bird's eye view of
an average of 25 families.

By placing an order for $300 worth of photostats of charts
I got 26 sets of 26 charts each set
and was able to offer them to subscribers at $13 a set.

But reasonable as was this price for photostats
of this size and number,
it soon became evident
that it was more than most families were willing to pay
Six years later I still have 3 sets of 26 charts.

In August 1956 I spent 3 days in the Natural Bridge,
Lexington, Beuna Vista area,
where, piloted by Mrs. John A Barger,
we visited the James River Plantation north of the river
and many of the families of the line.
We gathered enough new family records on this trip
to increase the family charts to 32 in number.

It often takes years of persistent effort
to assemble adequate data for a family tree,
and to insure against a total loss of that effort
one should be able to file copies of it
with numerous genealogical libraries,
and have them widely distributed in the family.

By June 1959 I had perfected the details of
mimeograph reproduction of my genealogy charts,
a method sufficiently inexpensive
that when I published the record of the
ARKANSAS BARGERs on that date,
I gave it the wide distribution I was aiming at,

i.e., I sent a copy of the full report
to every family charted
if I had an adequate mail address for them.

I hoped that each recipient of the report
would send me a moderate contribution
toward the expense of publishing the report.

But rather than suffer the delay and frustration
of trying to get advance orders for the chart sets,
I decided I'D rather take a chance
on my work winning the approval of the family
sufficiently to stimulate a suggested voluntary
contribution.

To make possible the mimeograph reproduction of charts,
I eventually assembled over $1000 worth of special
equipment:
an electric typewriter with a 15 inch carriage,
a closed drum mimeograph,
with such accessories as a mimeoscope
and special stencil tools,
a photocopying machine, punches, staplers.

On June 9 to 12 1961, I published a revised report
on Family X, William Preston BARGER = Mary Ann SHAFER,
the nearest yet to our ideal of what such
a family report should be like:
244 families charted, 127 pages,
was sent to 128 addresses,
all of which are listed in the report.
Also included: an individual person finding index.

Included are many obituaries, newspaper references to
members of the families,
and considerable historical material
relating to the family as a whole.

Mrs. John A Barger has continued her wide correspondence
in the family,
and has devoted all possible spare time
to delving into the court and other government records
in the court house in Lexington
and in other nearby county seats.

One of the most important findings to date
is of two Deeds of Sale of two James River Plantation farms
at the time of John BARGER's death in 1832
Mrs. Barger had photostats made of these hand-written
deeds, which are reproduced in this report in typed form,
with spelling, capitalization, and punctuation
as in the original copy;
only the paragraphing arranged for easier reading.

These two Deeds of Sale were found in the court house in
Lexington, in Book R, pages 408, 9, 10, 11.

These Deeds of Sale appear to have been signed
by all the children of John Barger,
and by the living wives,
who came from their various habitations,
as shown in the two charts presented following.

Quite a few marriage records concerning this family
have been found by Mrs. Barger.

In our original 1956 charting of this family,
we knew of but 8 children, now we record 11 of them.

In preparing for this 1962 revision of the records of
Family IX, Peter BARGER = Ann PETTIGREW,
of the Natural Bridge Va Bargers,
which will go to 14 genealogical libraries
and three professional persons, my standard list,
but to an entirely different family address list.

We are using some of the same historical material
for both families.

Much of the two charts 17 & 17A prepared in 1956,
with additions and corrections,
were made use of in preparing this record,

Four pages of new charts present the family of
James Madison BARGER,
largely supplied by Mrs. H. C. Winder of
Des Moines, Iowa;
and dates from cemetery records by Gerald
Lee Barger.

Five pages of charts
present the family of Peter A BARGER =
Ellen KEFFER
in considerable fullness,
almost entirely supplied thru
Dr. Gerald Lee BARGER
of Asheville, N.C.

My first contact with any member of the
Peter BARGER = Ann PETTIGREW family,
tho not recognized as such at the time,
was Mrs. Roswell C. DOTY,
presently living at 7886 1st Ave South,
St. Petersburg Fla.

On July 4 1940 she was passing thru Washington DC.
and phoned me.
Mrs. DOTY, born Celene Virginia BARGER, at Charitan, Ia.,
She graduated with a degree of Batchelor of Music
in 1913 from the University of Nebraska, Lincoln,
where I grew up.
She knew my sister Vera,
who graduated there in 1911
with a physical education degree.

Celene Virginia BARGER was working with the YWCA
in World War II in France, for one year
in Canteen work.
There she met 1st Lieut Roswell C. DOTY.

When, in 1955 & 1956 I began seriously to chart
the Natural Bridge Va Barger families,
and ran across Celene V. Barger's name
as belonging to Peter BARGER=Ann PETTIGREW family,
I had a long complicated hunt ere I located her again.

Jan 12 1960, Gerald Lee BARGER was passing thru Washington
and came out to see me.
He did not know for sure about his ancestry.
What he told me pointed to the Natural Bridge Bargers,
and I showed him my 1956 charts 17 & 17a,
as likely the family he belomged to.
This he has now verified in this record.

June 18 1945, a cousin from Ottumwa Iowa
sent me a newspaper clipping with a Charitan Ia date line.
telling about a note from Lloyd BARGER
to his parents the Perry BARGERS
telling of a visit of his troup to Hitler's
luxurious headquarters.

In March 1962 I wrote a letter to the Perry Barger family
in Blue Earth Minn, a town noted in the clipping. 17 yrs old,
Someone there must have known the Perry Bargers,
for a reply was received from Lloyd D BARGER's address
in Minneapolis, Minn.
It was not long till I had a fairly full record of
his family from his sister, Mrs. H. C. Winder,
Des Moines.

Newspaper clipping from
Ottumwa, Iowa, COURIER, June 18, 1945.

PVT. BARGER IS IN LUXURIOUS SS HEADQUARTERS.

Chariton, Ia.
Private Lloyd Barger,
paratrooper with the 101st airborne squadron,
writes his parents, Mr. & Mrs. Perry Barger,
that his outfit is living in the luxurious
headquarters of Hitler's SS elite guard.

Barger says the interior defies description
and that the surrounding mountain scenery is
"the perfect answer to an artist's dream."

"It seems as though I could step out on a cloud
by simply raising my window," he said.

Recreational facilities include
fine riding horses and yachts.

"The nazis received quite a surprize," Barger said,
when they came riding in from mountain hideouts,
not knowing the war was over,
and finding the 101st waiting for them.
They already have so many prisoners
that handling them is a problem.

Barger's wife and sons, Lloyd, Jr. and Mike,
reside with her mother at Blue Earth, Minn.
A brother, Keith Barger,
is serving in the navy in the Pacific.

Lloyd D. Barger, President.

April 1 1962

Dear Doctor Barger:

It was indeed a pleasure to hear from you
and will help you get the information you need.
We are sending your letter to Mrs. H. C. Winder, 7115 Reite
Ave., Des Moines, Iowa.
She is my sister
and has a family tree that extends back several
generations.

. . . . . I travel the whole U.S.A.
In the near future I expect to be in Washington, D.C.
in regard to several inventions that I have.
At that time I will call you and maybe we can meet
for dinner.

Mrs. Winder can help you in many ways
since she has one already started
. . . . . .

Sincerely yours,
Lloyd D. BARGER.

From these deeds of sale
we learn the place of residence on Aug 25 1832
of each of the families, as follows:

I. Frederick BARGER & Ellenor his wife,
from Knox Co., Tenn..

II. Nicholas BARGER from Sullivan Co., Tenn.
(We have no record of his marriage or children.

III. John BARGER & Christiana his wife,
from Botetourt Co., Va.

IV. John MOORE & Elizabeth his wife, formerly
Elizabeth BARGER, from Botetourt Co., Va.
Verified by last note, IV, in next column this pg.

V. Adam BARGER & Susannah his wife,
from Botetourt Co., Va.

VI. George BARGER, from Botetourt Co. Va.

VII. Jacob BARGER & Polly his wife,

The dates of birth and death were determined as follows:

V. Adam BARGER, both dates in full from page 789,
Beers History of Champaign Co., Ohio, pub. 1881.
Of Susannah his wife, from her tombstone in
Highbridge Presby.cemetery, Natural Bridge Va.

(1a)

VI. George Washington BARGER & wife.
From an old Bible record, apparently original,
found in home of John Walter BARGER, Buchanan Va.
of which I have a photograph,
a record presenting nearly complete dates of birth,
marriage & death of all members of this family,
and also of the family of his 9th child,
George Washington BARGER.

VII. Jacob BARGER. His birth determined by interpolation,
his death date from p. 672, Middleton's History of
Champaign Co., Ohio, pub. in1917.

IX & X. Births & deaths of both husbands & wives
obtained from their tombstones in Highbridge Presby.
cemetery, Natural Bridge, Va.

I, II, III, IV, & XI, determined by interpolation,
by aid of Time Scale charts,
from known births & marriages of other members of this
family, and after charting each of their own families,
many with recorded dates of birth or marriage.

NATURAL BRIDGE BARGERs, Family X, William Preston BARGER=Mary Ann SHAFER.

In July 1958, the last of the "Old BARGER" lands along the James River at Gilmore's Mill, Virginia, passed from BARGER hands.

Ruby Barger JENNINGS sold her home to Dr. A. A. H user, or Wm. P. Poythress Co., Inc.

In 1957 Lawrence G. Hatcher sold his home to Dr. A. A. Houser or Wm. P. Poythress Co. Inc. Lawrence son of Virginia Barger Hatcher.

The two farms were a part of the lands owned by William Preston Barger.
He owned a large part of his father's lands, the original settler, John Barger, from Germany.

John Barger, the first Barger settler along the James River at Gilmore's Mill, owned 1000 or more acres of land.
The old log house across the river can be seen yet.

Prior to 1832 John Barger sold quite a number of acres.
I found a record of Wm. P. Barger buying a tract of land in 1809. "better known as the old Barger land," being a portion of the original Barger's plot or grant.

I found two deeds of sale dated Aug. 25 1832, o part of the land owned by John Barger and signed by his children.
One of these went to son Peter Barger, the other to Richard H. Burks.
See pages 4 to 9 of this document, for full copies of these two Bills of Sale.

William Preston Barger bought land later from his brother, perhaps from his sisters also.
He bought "a portion of la d being that of John McDowells patent granted by King George II of Great Britain, France and Ireland in 1742".

William Preston BARGER died April 13 1870.
His wife, Mary A. Barger, was assigned as her dower, in the division of the lands of Wm. Preston Barger, by the Commissioners E. M. Houston, John D. Houston and W. A. Laskey 256 A., 153 poles.
This was valued at $4,200.00, or 1/3rd of the property.

The residence of the realestate, in value $8,400.00, was divided equally among the six children.
The land was divided into 6 parcels or lots.
Lot No. 1: John A Barger;
Lot No. 2: John A Jenkins & wife Elizabeth B.;
Lot No. 3: David Grimm and wife Mary B.;
Lot No. 4: James C. Link and wife Margaret B.;
Lot No. 5: Richard Parsons and wife Nancy A. B.
Lot No. 6: Jacob Grim and wife Catherine B.

John A Barger, owner of lot No. 1, bought Lot No. 2 Nov 15 1879.
John A Barger died Nov. 13 1908,
On April 8 1909, George W. Barger and J. Jacob Barger, sons of John A. Barger, bought the 2 lot boundary.

On Mch 9 1910, J. Jacob Barger sold his part to Charles E. Gillette, making C. E. Gillette and George W. Barger co-owners.

On Oct 16 1911, G. W. Barger & C.E. Gillette sold to Oscar B. Hatcher and wife, Virginia Estaline Barger, daughter of John A. Barger and Elizabeth Fry.
This land was willed to Lawrence G. Hatcher by his father, O. B. Hatcher, will dated Mch 6 1942.
Lawrence sold Oct 12 1957.
This farm is the one we speak of as Grandpa Barger's place.

Mary A Barger, wife of Wm Preston Barger, died May 12 1887.

On May 15 1868,
the same land conveyed to Mary A Barger as her dower,
in division of land of Wm. Preston Barger, on Jan. 2 1871,
was deeded to M. W. Barger,
son of John A. Barger and Elizabeth Fry.

M. W. Barger died May 26 1935,
leaving the farm to Ruby Sizer Barger
in his will of Oct 18, 1933.

Ruby Sizer Barger Jennings sold the farm July 1958
to Dr. A. A. Houser 256 A., 153 poles.

Around 1890 Matthew William Barger
built a larger two-story frame house on this farm.
It was closer to the road.
This is the farm known as Grannies place.
John A Barger farmed this land for his Mother.

The crock of coins
unearthed on a Saturday afternoon in February 1959
was in the foundation or chimney of the old house
of William Preston Barger=Mary Ann Shafer--
Grannies place.

A newspaper story of that incident follows:

Sat. Feb 28/59

Crock of Coin is Unearthed. Stirs up Big Treasure Hunt.

A crock full of old coins, worth several hundred dollars,
was unearthed in the Gilmore's Mill community Saturday
and it touched off quite a treasure hunt.

Tom Reed, operating a bulldozer on a farm
owned by Dr. A. A. Houser,
turned up the buried treasure on the site of an old house.

The container held U.S. coins dated between 1850=1860
with a face value of about $350.00, Mr. Reed said.
There were quarters, fifty-cent pieces, several gold
dollar pieces, dimes, half-dimes and three cent pieces,
and two silver dollars dated 1792 and 1799.
Some of the coins were scattered by the dozer
and by Sunday the word of the treasure
had brought out more than 50 persons
who dug about the site.

The digging continued through the week, but with little luck.

The property, on the James River, was sold to Dr. Houser
last year by Mrs. Ruby Barger Jennings,
who still lives near by.

Mrs. Jennings believes that the coins were buried
during the Civil War,
probably by her great grandparent Wm. Preston Barger
when General Hunter raided this area.

Mr. Reed was leveling a "rock pile"
which may have been the remains of a chimney
when the blade of his machine broke the crock
and exposed the coins.
The money weighs nearly 20 pounds.

The farm where the treasure was found
was owned by Mrs. Jennings parents,
the late Mr & Mrs William M. Barger.

Explanatory notes:
The property on which the coins were unearthed
had been owned previously by the great-grandparents
Mr & Mrs. William Preston Barger.

Mrs. Ruby Jennings moved to Natural Bridge Station
in the late Fall of 1959, having bought a nice home there.

In January 1961 the large home burned to the ground.
This was the house built by M. W. Barger
father of Mrs Ruby Bargor Jennings.
The old house site where the coins were found,
& the big house that burned were on the "Homestead" part.

GILMORE MILLS, Virginia. June 5, 1961. (1)
Story by Mrs. John A. Barger, Rt. 3, Lexington, Va.

John BARGER, originally from Germany, settled at
Gilmore Mills, Virginia.
He had nine sons and two daughters.
They lived in and around Gilmore Mills,
then scattered, except one remained for life.

Since such a large number had their beginning
at Gilmore Mills,
I thought it might be of interest
to know a little about the place;

John Barger settled and built his log house
across the river from Gilmore Mills.
A part of his house may still be seen.
The main part was removed to allow right of way
for the Norfolk and Western Railroad.

Mr. Earl N. Chiles Sr., of Natural Bridge Station,
kindly supplied me with some facts;
other information I have found in various places.

Mr. Chiles said
"It is my thought the name of Gilmore Mills
was the original name derived from the Gilmore family
who resided on the south side of James River.
Gilmores may have owned the mill property at one time,
hence the name."

Mr. Joseph Kennedy owned and operated the Gilmore Mill
prior to Mr. Chile's father's ownership.
Captain Chiles bought the property between 1875 & 1878
and continued operating the mill until his death in
1916.

Mr. Joseph Kennedy's daughter, Miss Octavia Kennedy,
married Mr. William Barger.
Mr. Will Kennedy, a son, edited and published
the Lexington, Va., Gazette. (2)

The CANAL.
From an old document, date too faded to read,
"The Kanawha Company Must acquire more land
for Improvement of Canal and tow path."

I found a notice of a meeting to be held at 10 o'clock
on the morning of Nov. 15, 1848, at the Wm. P Barger place,
for the purpose of condemning land
for the use of Canal and towing path
by the James River and Kanawha Company.
The meeting was held at the appointed date, time and place,
and 10 acres, 3 rods, 1 pole, was condemned
for use of the Company,
for the sum of two hundred ninety-eight dollars.

Once Wm P Barger was paid $46.12 for damages to fruit trees
and damage caused by water overflowing his lands
by negligence of James River and Kanawha Company

The canal meant to the people then
what our highways mean to us today.

Mr. Earl Chiles's father operated a boat on the Canal
prior to the building of the Richmond and Alleghany Railroad.
"Captain" was conferred on him while operating this boat.

Mr. Chiles says "It is my thought the Richmond Alleghany RR
was built in the year 1880
on the Richmond Kanawha Canal Company's right of way."

Mr. Chiles speaks of Richmond Kanawha Canal Company in 1880,
but in the papers I found of 1848
it was James River and Kanawha Company,
so there had been a change in the Company or the name.

The Richmond Alleghany Railroad was later called
Chesapeake and Ohio Railroad.
The railroad is where the tow path was,
between the James River and the Canal.

41

The depot was at Gilmore Mills. (3)

The Norfolk and Western Railroad was built in the year
1882, according to Mr. Chiles
It is across the river on the same side
as the old Barger home.
It is so close to the Barger house
that the main part was taken down
for the right of way of the Norfolk & Western RR.

The Chesapeake and Ohio depot at Gilmore Mills
was a busy place once.
There was an agent and two operators.
There was a side track for the Camp Cars.
Passenger trains and freight trains seemed endless.
Some were through trains but most of them stopped.

STORE.

The first country store in Gilmore Mills
was owned and operated by Mr. Guggeheimer,
who arrived in this country with a pack on his back.
He peddled his wares through the country
in a one-horse wagon before the Civil War.
Later he opened the store at Gilmore Mills,
later, founder of the Guggeheimer Department Store in
Lynchburg, which still bears his name.
The store was operated under different managers
for many years.
It was called the Gilmore Mills' Store.

SCHOOL.

There have been three school buildings at Gilmore Mills.
The first one was up on the bank below the Mill,
on the road down the river.
The second building was on the land given by
Matthew William Barger for the school.
Miss Bertha McClelland, later Mrs. John Rice,
was the first teacher in this building.
Sunday School was held in this building also.
This building washed away in the 1913 freshet.

The third building was built on a hill (4)
overlooking the James River.
It was on the road going over the hill to Natural Bridge.
It was a one room frame building.
It was used until consolidated with Natural Bridge school.
The building was then sold
and remodeled into a dwelling.

CHAPEL.

Captain Chiles gave land to be used as a Chapel.
The Chapel was built & called Cliffside Union Chapel.
The Baptist, Methodist and Presbyterian ministers
each came one Sunday a month.
Sunday School was at 2 p.m. and Preaching at 3 p.m.

I do not have the date the chapel was built,
but well I remember the date of its fate.
It was Sunday, September 10, 1950.
There had been showers most of the day on Saturday
and the first part of the night,
then the down pour as if the heavens had opened.
There was thunder and bright lightening
The branches and creeks rose higher and higher.
Cedar Creek rose around the Chapel.
Finally, early in the morning, around 6 I think,
as the foundation gave way the Chapel began rocking &
moving.
Yes, it was Sunday, the day the bell should ring
to call the people of Gilmore Mills.
The bell began ringing loud and clear,
and continued to ring until the chapel hit the
big bridge and was knocked asunder.
The Chapel went rapidly after it started.
The Chapel, bell, bridge,
all went rapidly into the James river and on.

Was the bell ringing to warn the people,
or calling for worship,
or was it ringing out a farewell to Gilmore Mills?
This was Sunday morning, Sept. 10, 1950.

pg (42)

Gilmore Mills developed into a busy little center, (5)
having a Mill, store, Post Office, school, Chapel
and depot, with passenger trains coming in,
freight traains loading and unloading.
It was a lively and busy place.

Today at Gilmore Mills, you can see the canal channel,
the Chesapeake and Ohio Railroad, only a flag stop
now, but there is no depot, no passenger trains;
No Mill, No store, No school, No Postoffice,
No Chapel, No church, No Bargers.

Look over the river
you will see the Norfolk and Western Railroad
and a part of the old Barger log house.
On Matthew William Barger's place,
formerly the William Preston Barger place,
is the big barn, stable and granary of logs.
Matthew William Barger added sheds
or some partitions to the original.
He also built a spring house with logs from
the old house.
The Spring House is still standing.

On Oscar Hatcher's place, formerly John A Barge
are some of the old log buildings yet.
A log spring house with water flowing through
to keep milk and butter cooled.
Just a few steps out the door of this
is a grand spring.
This is nestled at the foot of two hills.

Below the spring house is the log stables
and a log granery.
Above this, on one hill, is the barn, partly logs,
On the other hill is the house, partly of logs,
and a log smoke house near by.
All these old houses were hewn by hand
by the old Bargers, the first John A Barger & sons.

What was there when John Barger, the original settler, (6)
came up the James River and settled is not known to me,
but this is a little insight into the development
of Gilmore Mills mostly.
Today its business side has delined,
and it is largely a residential area.

Formation of Botetourt and Rockbridge counties.

According to Report of Secretary of the
Commonwealth of Virginia (1956-57),
Botetourt County was formed from Augusta County in 1770,
Rockbridge County from Augusta & Botetourt counties
in 1778.

This is the reason one finds records scattered
in different county seats.

Some of the past records mentioned
"John BARGER from Augusta County,
originally from Germany,
settled at Gilmore Mills, Virginia."

or "John BARGER from Germany
settled at Gilmore Mills, Virginia,
which was at that time in Augusta County,
now Rockbridge County."

Neither Gilmore Mills nor John Barger moved;
it was simply that the county boundaries had been changed.

NATURAL BRIDGE BARGERs, Family X, William Preston BARGER=Mary Ann SHAFER.

COUNTY ROAD CONSTRUCTION & REPAIR. April 1961.
By John Alvin BARGER, April 21 1904=living
Route 3, Lexington, Va.

Road work began in the Barger family generations back,
and continues to date.

On July 21, 1875, John A. BARGER, my grandfather,
was appointed by the County Court of Rockbridge,
Surveyor of Precinct No. 7 of the public road
leading from Botetourt County line to Gilmore's Mill."
He was "to keep said road in lawful repair."

Nine men were named as his helpers,
one of those being his son, William.

The nine men named were "required when notified by
Surveyor to attend with proper tools and work the road
as Surveyor may direct."

The Surveyor appointed (Grandpa in No. 7)
was "to superintend the roads in his precinct
and cause the same to be kept clean,
smooth of rocks and obstructions,
of necessary width, well drained,
and otherwise in good order,
and secure from falling of dead timber therein."

At a meeting of the Board of Supervisors of Rockbridge County
May 31, 1875,
the following schedule of Prices to be paid by Surveyor
for labor, teams and implements used
in working public roads of the County,
was adopted by the board, to wit:

| | |
|---|---|
| For 1 horse (fed by owner) per day | $0.75 |
| 2 horses and wagon " " | 2.00 |
| 2 horses and wagon and driver per day | 2.75 |
| 4 horses and wagon per day | 3.25 |
| 4 horses, wagon and driver, per day | $4.00 |
| 2 horses and plow | 2.00 |
| 2 horses, plow and driver | 2.75 |
| 1 horse and cart | 1.25 |
| 1 horse, cart and driver | 2.00 |
| 2 horses and cart | 2.00 |
| 2 horses, cart and driver | 2.75 |
| 1 horse and scraper | 1.00 |
| 1 horse, scraper and driver | 1.75 |
| 1 yoke of oxen | 1.00 |

- - - - - - - - - - - - - - -

I do not know how long Grandpa BARGER and Uncle Will
worked, or if this was their first assignment.
I do know that Uncle Will worked later - the same section.
He worked after 1900 and for some time,
tho I do not know much about his work.

Grandpa and Uncle Will paid their taxes by their road work.
The helpers in 1875 did the same --road work paid their taxes.

My father, George W. BARGER and family
moved from Gilmore's Mill to Red Mill in the Fall of 1913,
having bought a farm there.

Shortly after we moved
my father went to work for Uncle Jake --
John Jacob BARGER who was foreman,
and had been on the road for a long time.

Uncle Jake ran the rock crusher at the quarry
between Natural Bridge and Natural Bridge Station.
The County and State got rock from this quarry.

pg 44

According to records my father, with his team,
was paid $3.00 a day of 10 hours, for work on County Road
Jan 21 1914.
When he worked at crusher he received $1.25 a day.

I (John A.) went to work for Uncle Jake
in the summer of 1914 carrying water for 25¢ a day
and 10 hours a day. I was 10 years old.
I carried water from the Spring at the "Old Stone House"
which belonged to Tom Jackson and his wife, Lucy,
colored people.

The road equipment used then was
cart, wagon, pick and shovel, and plow.
Then came the horse drawn grader.
Then the steam engine replaced the horse for the grader.

In 1917 the State built road from Fancy Hill
to Natural Bridge Station.
They used steam engines, graders, wagons and teams, etc.
My father pulled the water tanks for them
with Bawlie and Nell,
the two horses shown in pictures,
taken north of Herring Hall.
He helped from Fancy Hill to Green Top
around by Herring Hall.

At first the equipment used was owned by those using it
or by some individual,
then the County began furnishing part of it.

My father and I bought a tractor and
the County furnished the grader.
I ran the tractor, my father the grader.

In the early years,
the roads were worked and put in good order
in the Fall for the Winter ahead.
In the Spring, the roads, which were dirt,
were badly in need of repair from the heavy snows,
ice, and freezing weather.
Maybe some ruts or especially rough spots
were filled or cared for a little
during the Winter and Spring thaws,
but two or three times over a year
was limit of road work --
just what was necessary for horse and buggy or wagon travel.

As the years passed
more and more work was done on the roads
and they were kept in better condition,
tho today they would be thought of as terrible roads.

Then, the people along the roads cleared their fence rows
and mowed along their property outside the fence,
generally to road edge, in Summer.
In Winter, someone along that road
would take his horses and scraper (maybe a home made one)
or plow, or letter A,
to push or plow the snow back from their road.
They did not think of pay for either of these jobs.
It was something done for their benefit
or a neighborly deed of kindness.
They may open to neighbors or to main road.
Sometime neighbors worked together
if the road was blocked or badly drifted.

In 1875 each Surveyor had only a few miles to superintend.
The surveyor submitted a report about twice a year
to the Clerk of Court of County for the work done.

Later the Supervisor was responsible more or less
for conditions of roads in his district.
He had foremen over certain sections of road.
They in turn hired the help needed.
Each foreman presented his report
to the Supervisor at a given time --
end of each week or every two weeks.
It was necessary for his approval
before receiving pay.

In our district, Natural Bridge District,
our Supervisor was Mr. W. W. Whitmore.
He served from 1915 to 1934.

Uncle Jake took big grader with steam engine
and worked over the County. Charles Fry ran the engine.

My father (George W.) was foreman over maintenance
of a section for the County.
His section was Gilmore's Mill, part of plank road,
Red Mill road, Natural Bridge South to Botetourt
County line, north to Fancy Hill.
His books are "O.K. by W. W. Whitmore"
and dated about every two weeks.
The earliest book I have, Jan. 1918.
This may have been his first as foreman on section.

Later I had the section from Fancy Hill
to Natural Bridge Station;
Mr. Lu Powell from Natural Bridge to Botetourt line.

The State had certain roads,
but the County had most of them.

The State took over all County roads in 1932.

I went to work for the State Highway Department
in March 1923, but continued for a while
some work on County roads when needed.
Mr. Emmett Ferguson was foreman.
He used truck, and I used Fordson tractor.
This equipment was furnished by the State.

Prior to June 3 1928, I left road work for a short period,
but being dissatisfied I returned to the State Department
of Highways on that date and have remained to date.

For a long time I was equipment operator --
operated any equipment used.
By this time there was machinery for almost all the work.
I have worked practically over the County.

April 1 1948,
I was transferred to Collierstown as foreman
and am still at that post.

On June 3, 1961, I will have completed 33 years
since I went back - not counting the 14 years prior work
in summer or after school, etc.

I always wanted to build some road, at least one mile,
in my life.
I finally had the opportunity to build over 8 miles.

Then after the flood of Sept. 10, 1950,
I built bridges, walls and more road.

There have been lots of changes,
not only in equipment, methods of work, size of force,
but the growing necessity or importance of road work
to the community, State and Nation.

Now the roads must be cleared of snow and ice immediately
for school, bus and mail service;
business firms etc. in town are depending
on a good part of their employees coming in each day
from the country;
workers at James Lees in Glasgow
are very concerned about condition of roads,
as some drive miles and miles to work.
Churches are depending on road workers
for attendance at services, etc;
and it seems very important to every one.
There are meetings of some description constantly,
both day and night - all important too.
So it is important for the snow and ice
be removed quickly as possible
and slick spots sanded for safety.

The road force works around the clock if necessary
so that school may open; mail be delivered;
meetings will not be cancelled,
employees reach their jobs and be on time;
social affairs may go on as planned.

Then think what cleared roads and good roads
mean to a doctor and patients
the Fire Department and First Aid & Life Saving Crew. -

All of this for local community,
and this list could go on and on.

Even in winter months
travel is not just community or even State wide,
making our Highway System more important than ever.

Today the Highway Offices are housed in a nice brick
building, with the shops around it,
just south of Lexington.
The office once was in a rented room or space in town
and for a long time only one office girl.

Besides the Resident Engineer
there is Assistant Engineer
and Superintendent with several helpers in the office,
alsothe field force for maintenance and construction.

For a long time
the main highway
and a few others considered important, were hard surfaced.
Today more and more of the side roads
or secondary roads, are being hard surfaced,
and it may not be too long before all will be.

Today each foreman has many many miles in his section
instead of the few.

Thus began the BARGER road work
and continues thru three generations.

Grandfather John A. BARGER in 1875,
along with Uncle Will, his son,
the same year, as one of his helpers,
Uncle Jake, another son
a long time prior to 1913 and until late twenties;
my father, George W., a third son of John A.,
beginning in late 1913 or Jan. 1914
and continuing until about middle thirties;
and myself, John A., son of George W.,
grandson of John A.,
beginning my work in Summer 1914
and continuing to date, April 20 1961.

Rev. Samual Houston officiated at the marriages of
six children of the first Natural Bridge BARGER family,
performing seven ceremonies for 5 sons and 1 daughter,
for the daughter two ceremonies.

The marriages were:

1. George BARGER=Catherine RIPLEY, Sept 24 1807.
2. Jacob BARGER=Mary (Polly) BOWMAN, Oct 5, 1809.
3. Catherine BARGER=Moses GARRET or GARNET, Mch 11, 1813.
4. Peter BARGER=Ann PETTIGREW, Sept 12 1816.
5. Catherine BARGER=James LONG, Aug 30 1822.
6. William P. Barger=Mary Ann SHAFER, Apr 30, 1922.
7. David BARGER=Evaline PENN, May 1 1932.

The Rev. Houston was the second pastor of
High Bridge Presbyterian Church, Rockbridge County,
south of Natural Bridge, Virginia.
He was pastor from 1788 to 1831.

Rev. Samuel Houston was a descendant of
Mr. John Houston, who came to America from Ireland.

Two of the above six,
Peter Barger, d. Apr 11, 1855, and wife Ann, d. Sep. 17, 1847,
William P. Barger, d. Apr 3 1870, wife Mary Ann
d. May 12, 1887,
are buried in High Bridge Cemetery,
also many of their descendents.

Also in High Bridge Cemetery are
many descendants of other couples named,
and of the other BARGER children.

Rev. Samuel Houston is buried in High Bridge Cemetery.
He died at the age of 81 years.

(54) O.K.

G.K.

This record of the family of Adam BARGER,
son and 8th child of Philip BARGER=Eve CLEMENTS,
of Blacksburg, Va.,
was mailed June 8, 1962, to the 42 addresses
which are a part of this record.

No one hired me to undertake this project.
It was started as a private hobby,
because of a consuming interest
in the development of my family line.

This is the 8th living family I have charted
whose origin I have traced back to the children
of Philip Barger=Eve Clements.

Six of them, however,
have been completed only in base copies,
to be duplicated only by photocopy,
for supplying to one or two members of
an interested family.

Only two family lines have been published by mimeograph
in order to be able to supply the completed report
to every family charted whose address I have,
and for filing with representative genealogical
societies.

These Family Trees are presented in TIME SCALE charts,
a plan originated by me,
which I have not found used in any other
of many historical records which I have examined.

This TIME SCALE method is not copyrighted,
and I am willing it be used by others
without compensation to me.

It offers many advantages
of clarity in presenting vital records of a family,
and often becomes a valuable reference chart.

As illustrated in this mimeographed publication,
it can be issued quite inexpensively.

How inexpensive, I am showing you
by listing below the items of expense in this.

| | |
|---|---|
| Colored mimeograph paper, not counting spoilage | |
| 2219 sheets | $6.60 |
| Ink, three tubes | 9.00 |
| 37 blotter folders for filing used stencils | 1.10 |
| 37 stencils, not counting spoilage, @ 15¢ each | 5.55 |
| 42 large envelops | 1.00 |
| 1st class postage, 7 oz x 4¢, 28¢ each address | 11.76 |
| Total | 35.01 |
| Average cost per copy | .85 |

not allowing for any spoilage,
but allowing for 15 extra copies of full report
to supply to any additional families if they turn up.

Please note that this record goes to 21 addresses in family
and to 21 professional addresses.

I have not tried to solicit orders in advance for this report,
for that would delay publication too much.

But I do hope that the excellence of this report
on your own family,
will appeal to you enough,
to make you want to contribute something
toward the expense of publishing it,
and for filing reference copies with genealogical
societies.

June 8/62 gGPBarger MD

Notes on above from Fred Hugh Barger: Jan 30/61.

" 1150-3 Frances BARGER. I am sure she had three husbands,
and the second, in Wisconsin, I think was named WATERMAN.
The 3d, Henry ALLEN, did not die till after Sep.13,1903,
for I knew he made a lot of trouble in connection with
my grandmother's estate after her death.

Frances was in Eldorado Springs, Mo.,
at the time of my Uncle John's death near Custer in 1914.
I wired her and she came right out
and got everything he had, mostly trouble;
and lived in his old home in Bellingham till after 1919,
when Uncle Will's first wife, Kate, died in Hebron, Nebr.
Then Uncle Will sent for her and took care of her till
her death in Hebron,
but she and Allen and my grandmother are all probably
buried at Eldorado Springs.

John A BARGER moved to Whatcom, now Bellingham, Wash. before 1903,
In 1906 he had a shingle mill there,
where I, Fred Hugh BARGER, joined him for a few months, 1906 or 7.

In March 1961 Fred H BARGER visited Nevada County, Calif,
to search for any records of William F. BARGER,
found all records from 1858 well indexed,
found records of a number of mining deals of Wm. F. B.,
in which the address of Wm. F. Barger was given as
San Francisco,
but there were no records found of births, marriages,
or deaths. of any BARGERs,
and no records of Probates were found.

In San Francisco Fred found city directories
covering a longer period than the Nevada County records,
but found no William F. Barger listed there.

Notes on Family of Adam BARGER,
Barger Journal 1939, p. 17, par. 275,
VIII th child of Philip BARGER=Eve CLEMENTS,
of Blacksburg, Va.
Eve BARGER, Adam's mother, died when he was 7½ yrs old.

Sources of these records:
Barger Journal, 1939 edition, by A L BARGER,
Mrs. Jesse Ware, Decatur, Ill.
Fred Hugh BARGER, Custer, Wash., living descendent.

In Sept. 1943, I attended a session
of the National BARGER Association at Decatur, Ill.,
initiated by Mrs. Jesse W. WARE.
At that time she loaned me quite a few pages of charts
which she had gathered at annual sessions,
and I had photostats made of them.
Following her death in an auto accident in 1953,
all her extensive accumulation of records were burned.

Among her records preserved in my photostats,
I found a legal sized page of records
of the Adam BARGER family, ,
possibly supplied by descendents of the family
living near Loami, Ill., home of Adam BARGER.
This record differed in but few points
from the records of this family in Barger Journal,
so it is likely that A. L. BARGER
had been supplied with a similar copy by Mrs. WARE.

Loami, Ill., Sangamon Co., where Adam BARGER lived,
adjoins the Illinois county of which Decatur is the
county seat, so it is likely that some of Adam BARGER's
descendents were members of this Association.

My photostat record of Adam BARGER is undated,
but from the latest date, 1874, appearing in its records,
may have been produced about 1874.

Blacksburg, Va., where Adam BARGER was born Apr. 8, 1784,
was in Botetourt Co., (Now Montgomery Co., Va)

Adam BARGER as a young man moved to Kanawha Co., W.Va, (A1)
and there married Lucinda NOLAN Aug 12 1810.
Ten of their children were born in Kanawha Co.,W.Va.
Two more were born after their move to Loami., Ill.,
where they arrived in October 1826.

Moving in 1826 was not so easy as it would be today.

Kanawha County, W.Va., is the county seat of Charleston,
in the center of the State, on the Kanawha River.

Adam BARGER moved his family of 10 children
and household goods by boat down the Kanawha
to its mouth on the Ohio river,
thence down the Ohio River to Shawneetown, Ill.,
on the Ohio River at the southern tip of Illinois.

From there, with his own farm wagon & two yoke of Oxen,
and another hired team,
he brought his family & 2 loads of household goods
to what was then called Yankee Settlement,
now known as Loami township, Sangamon county, Illinois,
in the central part of the State.

Adam BARGER and wife Lucinda NOLAN-BARGER
both died at Loami.

In 1960, Fred Hugh BARGER & wife, visiting in Loami,
obtained a colored photo of Adam's tombstone
in Sulphur Springs cemetery, Loami.

Of the 12 children of Adam & Lucinda BARGER
all but two married.

Albartes BARGER, their 1st child, had 13 children
daughters Olivia & Harriet each had 9 children.

Adam BARGER lived to be 80, outliving his wife Lucinda.
Zebulon, the 4th son, died at age 29.
James M. his 10th son, remained a bachelor.

(23)

John BARGER, who mar Elizabeth EUSTIS, died at age 32,
leaving Elizabeth a young widow of 27.
James M BARGER at that time wanted very much to marry
Elizabeth, but she apparently had other ideas,
went to live among relatives in Wisconsin,
there married a Mr. HART.

James M BARGER, age 38 at his father Adam's death,
managed to inherit much of the Adam BARGER estate.
James died before Elizabeth, still devoted to her,
since he left to Elizabeth & her family,
Elizabeth being a widow again,
a larger share of the Adam BARGER estate
than any of the other legal heirs got.
Source of this information was Fred Hugh BARGER,
grandson of Elizabeth & John BARGER,
who said he remembered his family sharing in this.

Orin BRASH, of the Loami area,
did not think that Adam BARGER had left much of an
estate,
and that James M. BARGER had been Justice of the Peace,
and on the side had a money lending business,
and between his Fees and Interest built a modest
fortune for those days.

Quite a number of Adam BARGER's descendents
continue to live in the Loami area
at the time of the preparation of this record.

BaJr 3341 - William Montgomery BARGER
son of John BARGER=Elizabeth EUSTIS,
was born near Loami, Ill., Jun 12 1844,
soldier in the Civil War,
wounded in battle of Shilo Church near Tenn. River,
his right leg being shot off at knee.
Suffering from this wound later in life,
he visited healing spings in Colo. & S.Dak.

William Montgomery BARGER,
and his brother Winslow H BARGER
both lived in Hebron, Nebr., after about 1872. (A 2)

Mrs. Myrtle Grace KING-BARGER was born in Fairbury Jan 2 1881,
moved to Hebron, Nebr., in Mch 1887, when age 7,
came to know both the BARGER families there.
She was in school with Lorin and Fred.
She remembered that William M BARGER had a wooden leg,
that he and wife Kate lost two infants
and a 5-yr. old daughter Bessie.
The KING and BARGER families lived about a block apart.

3369-2 Winslow H BARGER,
Fred H BARGER reports that his father was not given the
initial "H" at birth, but assumed it
when he and his older brother Wm M BARGER lived together
in Hebron,
so his brother would have no excuse
for opening letters addressed to W. BARGER.
Winslow H BARGER was born near Loami, Ill.,
served in the Civil War in 1st Wisconsin Cavalry, Co. L,
was made prisoner & confined to Andersonville prison.
After his marriage to Lucy Jane LODGE of Neosho Wis.
they lived for a while in Oakland, Wis.,
then moved to Hebron, Nebr.,

Winslow BARGER died at Fayetteville, Ark., in 1908,
while he was superintendent of the National Cemetery,
where he is buried,
but his wife, Jane, returned to Hebron.
Her death occurred in Custer, Wash.,
where her body was cremated
and her ashes returned and buried in her husband's grave
at Fayetteville, Ark.

Of the children of Winslow H BARGER=Lucy Jane DODGE,
Selah was born in Wisconsin, probably at Oakland,
Gertrude, Lorin & Fred were all born in Hebron, Nebr.,
so the date of the family move from Oakland to Hebron
was after April 1871.

BaJr 1197=4 Fred Hugh BARGER
son of Winslow H BARGER=Lucy Jane DODGE,
was born in Hebron, Nebr., Dec 7 1882.
1902=06, served 4 yrs as apprentice patternmaker
at Plattsmouth, Nebr.
1906=08, in Bellingham, Wash., Seattle, Takoma, &
Bremerton Navy Yark, all in Washington State.
1908 to Vancouver, B.C.
where he ran a wood pulley factory for 15 yrs
to 1923.
1923=48 he taught shop work in Vancouver B C Schools
till he retired in 1948.
For this teaching he received a Tech "A" Certificate,
equivalent to a 5-yr college course.
1911 bought a farm near Custer, Wash.
1959 retired farmer living on the 13 acres left of the
farm, mostly in bush being reforested.
Their six children all born in Vancouver, B.C.
July 1960 Fred & wife visited the author of these notes
in Washington, D.C.
Thru the years, from their Hebron contacts,
Fred had exchanged occasional correspondence & photos
with Mrs. King, mother of Myrtle KING+BARGER.

The writer of these notes, Dr. G. J. P. BARGER,
born Mch 3, 1882, &
Fred Hugh BARGER, the central person in this report,
born Dec 7, 1882, descendents of a common ancestor,
met first in Washington D C. in July 1960.

Dr. Barger is a 5th generation descendent from
Jacob BARGER, the 2d son of Philip & Eve BARGER,
Fred a 4th generation descendent of Adam BARGER,
the 8th child of Philip & Eve BARGER.

Dr. BARGER's wife, Myrtle Grace KING+BARGER,
knew Fred Hugh BARGER & his family in childhood;
nearly 7 decades intervened between their last meetings.

In July 1958 a daughter of Dr. BARGER's cousin in Seattle
sent him a newspaper article
about a fine new building being erected by Wynn BARGER.
I wrote to him and Wynn referred my letter to his father,
Fred Hugh BARGER.

(A 3)

Following is a quote from the reply which came back:

"I was quite thrilled to hear from you,
thru my son Winslow in Seattle,
not for the genealogy interest,
but for the "Myrtle King" near the top of the page;
for she was one of the first girls to attract my attention,
as she passed our home in Hobron, Nebr.,
on her way to school,
even before I had started to school.

"But she was a little older than I,
and grew up much faster,
being, from my point of view a Career Woman,
while I was still fooling around in High School.

"The last time I saw her was in Fairbury, Nebr.,
one autumn noon,
while our Hebron football team was waiting for dinner
in front of a hotel.
She was apparently walking home to lunch
from her work at the printing office.

"I did not dare to call to her.
I have a snap of your family
sent me after I had written Bertha KING
about my sister Gorty's death in 1949.
I kept that handy for a long time expecting to write
but somehow I never got to it."

Quote from Hebron, Nebr. Journal June 22, 1960,
"Jym Cracks" column, by J. V. 'Jim' Johnson.
with column portrait of F. H. Barger

A pleasant chat the other day
with a former Hebron newspaper columnist
who preceded us by some 60 years.

He is Fred H. Barger,
1903 Hebron High School Graduate.
whose undergraduate literary efforts on behalf of a
local poultry association
appeared in the Hebron Journal
around the turn of the century.

Now a resident of Custer, Washington,
Mr. Barger has been a machinist and manufacturer
and for the last 25 years a teacher of related
skills along these lines.

We must confess, however,
that a good deal of the aforementioned "visiting"
was conducted by Editor Will,
who is much better qualified to discuss events
of more than half a century ago,
and the important people of that era --
the Wetheralds, Collinses, Fergusons,
and many more.

The name "Barger" should also be prominent on this list.
chiefly because of Fred's father, Winslow H. Barger,
who gave his name to a street
along which he owned considerable property.

The family residence, the "Barger House"
at the northern extremity of Sixth Street,
became in successive years the "Cruise House"
and the "Cloyd House"
and is now the Ace Hagen residence.

Hebron folks will perhaps better remember Mrs. Lucy Barger,
a charming and wonderful lady
who lived a good many years at the corner of
Sixth and Barger
in the house now occupied by the Donald 'Pinky' Hartley
family.

By the simple expedient of keeping still and listening
we also learned that Hebron was bountifully supplied
with newspapers as the 20th Century began.

There was of course the Hebron Journal,
operated by E. E. Correll,
but in addition there was the "Register"
printed by Conway Leedom,
and the "Champion", pub. by one F.S.Mickey.

In the 1900's the latter two were consolidated
into the Register-Champion,
and purchased in this form in 1924 by Will Long.

The final merger,
leaving the paper in its present-day form
took place in 1944, when Editor Will bought the
Hebron Journal.
